Software Developer (MBO Level 4)

Alfa-college — current

VMBO TL/GL

Terra Winsum — completed

HOBBIES

Developing games & websites

Gaming (e.g. Cuphead, Minecraft, Fortnite)

Strength training

PROFILE

Enthusiastic and eager-to-learn Software Developer with a passion for game and web development. Experienced with Unity and C#, and currently deepening my knowledge of React. During my internship at Ferroit I gained hands-on experience building features for an existing application. Driven to create innovative, engaging user experiences — from games to websites — and to keep growing as a developer.

WORK EXPERIENCE

Software Developer Intern — **Ferroit**

1 September 2025 – 6 February 2026

- Contributed to the development of the vBrowser
- Designed and implemented dark mode for the application
- Built a remark system that lets users take screenshots and attach notes to them
- Conceived and delivered various other features and improvements

Sales Associate — **Akim Comicstripshop**

2023 – present

- Processing orders and restocking the shop
- Assisting and advising customers at the checkout
- Organizing and tidying the warehouse

Produce Associate — **Jumbo**

2023

- Responsible for the potatoes, vegetables and fruit department
- Restocking and checking the freshness of products

FEATURED PROJECT

During my studies, I worked with a team to develop a game for people with disabilities. The project received media attention, including an article in the Dagblad van het Noorden.
